

MAYANK GULATI

SYSTEMS DESIGN ENGINEERING, 2A

mgulati@uwaterloo.ca
(647) - 703 - 7833

Objective Lead by example to show usable artifacts can be beautiful too
Design human experiences for a more liveable world

Me	Team Oriented Amazing as a team leader and member, due to inherent love and understanding of people	Hungry Learner Motivated to quickly discover and learn hundreds of alternatives to tackle challenges	Daring Persona Not scared to actually step outside the box, and go back in to a better box when required
-----------	---	--	--

Technical	A gem at ruby, rails, sinatra	Quick with Balsamiq	Git Guru, bash mode
	HTML5, CSS3 & JQuery Magician	Adobe Creative and Web Suite	Domain Forest Management
	.NET proficient, ASP MVC, C#	Expert at Microsoft Office	SQLDB Architecture, Scripting

Experience	T2VSoft Inc Intermediate Developer Authored the now current generation of the company's design language Introduced the company to GIT source control and JIRA project management Created a scalable, beautiful, comet enabled excel comparator in MVC4 at dcmwow.azurewebsites.net Bungee jumped, snowbarded, scuba dived, mountain climbed, clubbed and more across China	Sept - Dec 2012
-------------------	--	-----------------

Fixmo Inc. Software Engineer in Test Co-Op Understood and embraced company's vision, culture and people Acted as voice of reason between end users, project management, dev and QA Wrote test suites and documentation based on exploratory testing of new software Deployed virtual windows server environments with exchange, IIS and other server roles	Jan - Apr 2012
--	----------------

Vikta Logistics Incorporated Web Designer and Developer Learned Photoshop, HTML, Javascript, CSS, PHP, SEO and more just to make my dad a birthday gift! Created amazing navigation and other JS experiences from scratch, check it out at www.vikta.ca	July 2011
---	-----------

Athletics Ontario Systems Coordinator and Phototimer Set up, tested, maintained and operated electronic athletic systems for 50 Track-and-Field meets Directed volunteers to post results and follow official protocols in the heat of the action	2008-2011
---	-----------

Education Candidate for Bachelor of Applied Science - University of Waterloo
Systems Design Engineering — **Sept 2011 - Present** | **Love it** | **Consistently top 3**
Gordon Graydon Memorial Secondary School - Mississauga, Ontario
International Business and Technology Program — **Sept 2007 - 11** | **97.5% in Senior Year**

Awards Winner, The Next 36 - Mobile App Design Competition for Undergrads

Top 10 Internationally in DECA marketing and business competition
Sears CEO's Personal favorite for buying and merchandising case study category

Entrance Scholarships at Waterloo
President's Scholarship of Distinction | Full Engineering Entrance | Queen Elizabeth II
Your paychecks will still be appreciated, the experiences even more so

High **National** Standings in Academic Contests
Avagadro's Chemistry: Top 5% | Canadian Computing Contest: Tier 1, Top 30

Activities Facebook Hackathon - uWaterloo
Feature and interface design, front and back end dev for fb-hack-icebreaker.herokuapp.com

Entrepreneurship - Velocity Incubator
Learning to flower my passions into actions, because the world needs it

Electrical and Programing Lead - FIRST Robotics Team 1325
Gave muscles(pneumatics), nerves(wiring) and a brain(code) to a robot chassis
Taught my protégé juniors how to code better autonomous robots than they ever imagined

Project Management - Rotary International Action Club Mississauga
Cordinated contractors, volunteers and architects to create new student environmental space
Planned, marketed and organized school Operation Christmas Child drive

Creative Director - uWaterloo Lip Dub
Co-ordinated route and storyboard with Faculties, Clubs and Residence Administrators
Choreographed amazing dance routines to Mick Jagger

Small Forward on Intermediate Intermural Class Basketball Team
